

CAPABILITY STATEMENT

COMPLETE MOBILE CAMP SOLUTIONS

“ OUR VISION AT SPG IS TO TAKE REMOTE MOBILE CAMPS FURTHER

ABOUT US

ESTABLISHED IN 2006, OUR TEAM AT SPG ARE SEASONED EXPERTS IN DELIVERING REMOTE MOBILE CAMPS TO ALL PARTS OF WESTERN AUSTRALIA. OUR TEAM PRIDES ITSELF ON PROVIDING EXCEPTIONAL CUSTOMER SERVICE, ENSURING OUR CLIENTS ARE SATISFIED.

Priding ourselves in designing and manufacturing our own fleet of SPG caravans and associated equipment, we guarantee to deliver a high-quality product for our clients. Delivering remote mobile camps to all parts of Western Australia, we strive to be your supplier of choice whenever and wherever you need us.

Our Values

EFFICIENCY

We always go the extra mile to provide the highest level of customer service and the best possible solution for our clients.

MAXIMUM EFFORT

We believe in 100% effort and are committed to continually looking for better ways to increase performance.

EQUALITY

We offer equal opportunities to all people whilst treating everyone fairly and equally.

CLARITY

All our communication internally and externally is clear, concise, and to the point so the messages we communicate are easily understood.

RELIABILITY

We aim to always deliver on our promises and remain a reliable supplier of mobile camp equipment throughout Western Australia.

COMMUNITY

We work as a collaborative team to achieve greatness in an easy going, enjoyable environment.

Newman Depot

The operations team is based in Newman. This team manages the Newman hire depot and provides ongoing support to clients, including the mobilisation and demobilisation of remote mobile camps.

NO JOB IS TOO BIG OR TOO SMALL

What We Do

TURNKEY CAMPS

SPG specialise in the delivery of turnkey caravan camps. Simply tell us what you need, and we take care of the rest! With a large fleet of equipment and broad services capability, our team tailor your campsite to suit your specific project requirements. From electricity and water supply to satellite communications to restaurant quality food we've got you covered with everything you need.

DRY HIRE SUPPLY

With Western Australia spanning 2.646 million km², there is a great amount of uncharted territory to explore and SPG can meet you there. If a turnkey camp is not needed for your project, our equipment is also available for dry hire. You can collect it from our Newman Depot, or we can deliver directly to site. Simply provide us your camp coordinates and we can deliver to your site.

LABOUR HIRE

If you already have an established campsite but simply require staff to manage the day-to-day operations of the camp, we can provide the labour force you need to keep the camp running smoothly. Our team of professionals include qualified chefs to prepare and cook meals, housekeepers to maintain laundry and cleaning, and on-site security for occasions when you're away from the camp.

OUR MISSION IS TO BE THE SUPPLIER OF CHOICE FOR REMOTE MOBILE CAMP HIRE IN WESTERN AUSTRALIA

Purpose-Built and Comfortable

SPG's experienced team designs, manufactures, and maintains high-quality mobile caravans and equipment required for remote mobile campsites. With an in-house design team, we have great flexibility and can work with our clients to design and build caravans that meet their needs. We source the majority of our materials from within Western Australia and always support local suppliers where possible.

PRIORITISING CUSTOMER SERVICE

At SPG, we focus on the customer which is why we are a sought-after supplier for remote mobile camp hire within Western Australia.

We understand that your location, and/or timeframes may require various changes dependent on your project. We offer both short-term and long-term hire and will work with you as best as we can to achieve your project objectives.

WORK HEALTH AND SAFETY (WH&S)

SPG prioritise work health and safety regulations to keep all individuals on-site safe from potential risks. We do this by conducting specific training upon arrival to site for employees, contractors, and guests. The implementation of this training ensures that clients don't need to worry about the safety and well-being of their employees and can remain focused on their own projects.

Environmental Awareness

Our zero-release policy ensures that all camps operated by SPG meet your environmental protection requirements. We recognise the impact which specific industries have on the environment and aim to reduce that impact as much as possible.

- Fleet Designed, Manufactured, and Maintained by SPG
- Newman-Based Depot for Client Convenience
- Complete Turnkey Camp Solutions
- Remote Mobile Camp Hire
- 24/7 Customer Support
- Labour Hire
- Dry Hire

Don't just take our word for it...

"SPG has been providing camp accommodation and support services to CZR for the past 9 months and we couldn't be happier. The camp has supported remote activities from drilling to environmental and heritage surveys and everything in between. SPG provide a full service, catering for our team, but also managing all logistics so our team can just focus on their core job and relax at the end of the day. SPG are also very responsive, mobilising additional rooms when we need them, and demobing when the job is done."

- Stefan Murphy, Managing Director , CZR Resources Ltd

"DDH1 Drilling have been using SPG for our remote camps where we have been unable to supply our own equipment. SPG have always been willing to go very remote locations ahead of our drilling crews to have the camp running and operational ahead of our arrival. The flexibility of their team makes for an easy working relationship when SPG are supplying DDH1 Drilling high quality camping solutions."

- Peter Crennan, General Manager DDH1 Drilling

"The team at SPG have been supplying our shut team mobile toilets for the last 5 years and their service and support have been amazing. Whenever we need them they are always there to help and always work in with us to ensure our ablution requirements are met. We literally could not do our work without the support of SPG and we look forward to working with them for many years to come. Thanks!"

- The Digger Shut Team, BHP

"I've been working with Tony at SPG for a year as we've hired two vans from them for our exploration camp in the Great Sandy Desert. I have found SPG to respond quickly and provide good quality gear. The desert is hard on everything and so things go wrong. Tony has been at the end of the phone to help trouble shoot on more than one occasion and has sent out trades as required to fix the issues. We're very happy with the service and products that SPG has provided to us and we will use them again next season."

- HSE and Logistics Manager, Artemis Resources
